

ABES Engineering College - CSE AIML

SOURCES: <https://www.abes.ac.in/cse-aiml.html> ; <https://abes.ac.in/cse-aiml.php>

FETCHED: 2026-09-30

CATEGORY: departments

NOTE: The .php page says intake 180; the current .html page and the Programs Offered table say 360. Use 360.

OVERVIEW

The Department of CSE with Specialization in AI and ML was established in 2020. It offers a 4-year full-time B.Tech CSE-AIML programme with a total intake of 360. Facilities include a Project Lab and Advanced AI & ML Labs. The department runs in-house training, industrial training, workshops, expert talks, guest lectures and alumni interactions, with emphasis on live projects, internships, hackathons, certifications and competitive programming.

Highlights: ranked 1 in AKTU (per AKTU first-year results) among colleges offering B.Tech CSE with AI & ML specialization (as stated by ABES); industry-academia connect; advanced training and research centres; regular industrial talks.

Placement in 2025-26 named Amazon, Accenture, Capgemini India, Cognizant, HCL Technologies, Infosys, Josh Technology Group, Veersa Technologies, Pibit.AI, MAC Softwares, Infra Market.

Career paths: Machine Learning Engineer, AI Engineer, ML Architect, AI scientist in R&D.

VISION: to become a globally recognized, student-centric department fostering high-quality learning and future-ready professionals in AI and ML through transformative education, applied research, innovation and industry-integrated practices.

MISSION: student-centric outcome-based AI/ML education; ethical, socially responsible lifelong learners; collaborative environment with global academic and industry collaborations; culture of innovation, research and entrepreneurship.

PEOs: (1) computing, analytics and engineering fundamentals; (2) research-oriented thinking and innovation in AI/ML; (3) entrepreneurship and project management for AI-based solutions; (4) continuous learning through professional certification; (5) ethics, data privacy, security and fairness in intelligent systems.

PSOs: (1) apply mathematical foundations, algorithms and CS principles to model and design advanced systems; (2) solve complex computation problems with AI/ML in analytics, software, network and intelligent systems; (3) apply ethical AI solutions for societal benefit and sustainable development.

Programme Outcomes PO1-PO11 follow the standard NBA/AICTE list (engineering knowledge, problem analysis, design, investigations, tool usage, engineer and the world, ethics, teamwork, communication, project management and finance, life-long learning).

HOD: Dr. Deepali Dev, Associate Professor & HOD (Ph.D). Her message: department focuses on AI, ML and Data Science; students take part in Smart India Hackathon, ACM ICPC and Google coding contests.

FACULTY (designation as listed): Dr. Amit Sinha (Professor, Dean Academics & Training); Dr. Dhyanendra Jain, Dr. Anamika Goel (Associate Professors); Assistant Professors include Dr. Sony Kumari, Dr. Manika Bharadwaj, Amit Kumar Sharma, Vikas Choudhary, Waseem Ahmed, Prashant Tomer, Abhishek Gupta, Divya Raj, Rohini Mittal, Mansi Aggarwal, Prachi Pundhir, Ashish Kumar Mathur, Nilesh Kumar Sen, Rohit Pratap Singh, Shivani Garg, Dr. Deepti Deshmukh, Ritin Behl, Ruchi Jain, Tanaya Gupta, Sonika Nagar, Parul Phoghat, Pranshi Verma, Deepti Aggarwal, Utkarsh Dixit, Vinod Kumar, Pankaj Pratap Singh, Savee Gupta, Shalu, Priyanka Gupta, Aayush Agarwal, Anurag Gupta, Shaili Gupta, Tripti Pandey, Jaya Srivastava.

EVENTS AND INDUSTRY CONNECT

- Workshops 2025 (sponsored by MeitY under TIDE 2.0): AI for Your Business (15-19 April 2025) and Design Thinking (21-23 April 2025).
- Guest lectures 2025-26: startup ecosystem session with AIIDE CoE, SIIC-FIRST IIT Kanpur and INIF-ABES (7 Nov 2025); Navigating the AI Era (16 Oct 2025); GATE preparation strategy (29 Sept 2025).
- Gen AI Hackathon by ABESEC x HCL GUVI on 12 Sept 2025. ARDEMA's ARDETHON on 28 Sept 2024.
- Industry visits: HCL Noida (26 May 2025), NS3 Tech Gurugram (19 Oct 2024), Atal Innovation Centre IIT Delhi Sonipat (20 Sept 2024), GeeksforGeeks Noida (2024), Microsoft campus Gurugram (17 Sept 2022), among others.
- STC/FDP organised with NITTTR Chandigarh: AI and Cloud-Based Tools for Research (24-28 Mar 2025); AIML & Data Science for Industry 4.0 (26 Feb-1 Mar 2024).
- GATE-qualified AIML students are listed for 2022-23, 2023-24 and 2024-25 on the page.
- Newsletters: <https://www.abes.ac.in/pdf/AIML/> (2022-23 to 2024-25, Vol. 1 and 2).

Research: the page lists journal papers, conference papers, patents, book chapters and books by faculty (2022-2025).
